

**Phoenix Children's  
Hospital Patient's**

**Dream Being Granted  
With The Help of Local Charity & Sincerely Collins**

**PHOENIX, Ariz.** – Two months ago a patient with Phoenix Children's Hospital attended a charity event at Talking Stick Resort Arena and wrote on the Dream Wall, "I wish I could bring music to every child in the hospital."

With the help of The Change Your Stars Foundation and Phoenix Recording Artist Sincerely Collins that patient's dream will come true on July 21, at Phoenix Children's Child Life Zone. Not only will the kids in The Child Life Zone get a concert, with Phoenix Children's state of the art equipment the concert will be broadcast live to all rooms in the hospital for the children unable to make it down to the concert.

Sincerely Collins' hit song "Possible" has been a mainstay on the top radio charts in Arizona. His Album was recently named the #1 release from a Phoenix Artist in 2016 and it debuted on the iTunes charts at #38. Collins is a sought-after public speaker about his journey of overcoming adversity with the abduction of his mother and having never met his father, among other obstacles.

The Change Your Stars Foundation provides children with role models, unforgettable experiences, inspiration and a smile to last a lifetime. CYF has given kids over 5,000 tickets to events in the valley; created multiple toy drives; and given hundreds of meals and VIP experiences.

Sincerely Collins and The Change Your Stars Foundation are excited to continue their mission to make dreams come true and inspire all kids across Arizona. Sincerely Collins will hold a free concert, sign autographs and speak to the kids about overcoming adversity.
